Winter 2017 **NORDIC SKATING EVENTS**

TASTE THE EXCITEMENT OF CROSS-COUNTRY ICE SKATING ...

Nordic Skating is Scandinavian-style cross-country ice skating on frozen lakes, using cross-country ski boots with detachable blades.

Nordic Boots are warm and comfortable, with plenty of ankle support and insulation. They're easy to put on and take off. Walk, drive, ski and skate in them.

Nordic Blades, long and stable, double your glide on any kind of ice – rough, bumpy or snow-covered. Skate with or without poles. Comfort, convenience and speed!

Try Nordic Skating at these events:
